Subject: Talking points from SMBNEP for Sandra Connors visit

Hi Erica,

As you may have heard, our OWOW Deputy DD is making a brief visit to R9. Are there talking points that would be helpful for Sandra to know prior to her visit (context, background, status update). I remember drafting something similar when John/Mindy visited for R9 review a few months ago, but it was tailored to the 'issues' in the NEP.

Before I bring anything up to her attention, I want to be certain that you all are fine and comfortable. These TPs don't have to be too long or numerous. At the very least, something about the NEP and the awesome work they are working with/known for.

Could you send something before noon EDT Friday? Or at your earliest convenience?

Thanks!

Vince
